

Thank You and Goodbye Dr John Oates

After 31 years of dedicated work as a general practitioner at Parkfield Medical Centre, and latterly Sunlight Group Practice, sadly this month we say **goodbye and good luck** to **Dr John Oates**, as he **retires from his partnership on March 15th 2021**.

In addition to his “daytime” job, Dr Oates has held strategic positions in GP out of hours, and the Clinical Commissioning Group, **contributing greatly to the shaping of General Practice on the Wirral**. This resulted in a couple of visits with his colleagues at the CCG, to Number 10 to share good practice with Tony Blair and later David Cameron.

Dr Oates will be very much missed by patients and colleagues alike for his dedicated professionalism. **We take this opportunity to congratulate him on his fantastic career in the NHS, and wish him all the very best for a long, happy, healthy retirement with his wife Caren.**

Happy Retirement!
